(Statista Digital Market Outlook 2020)

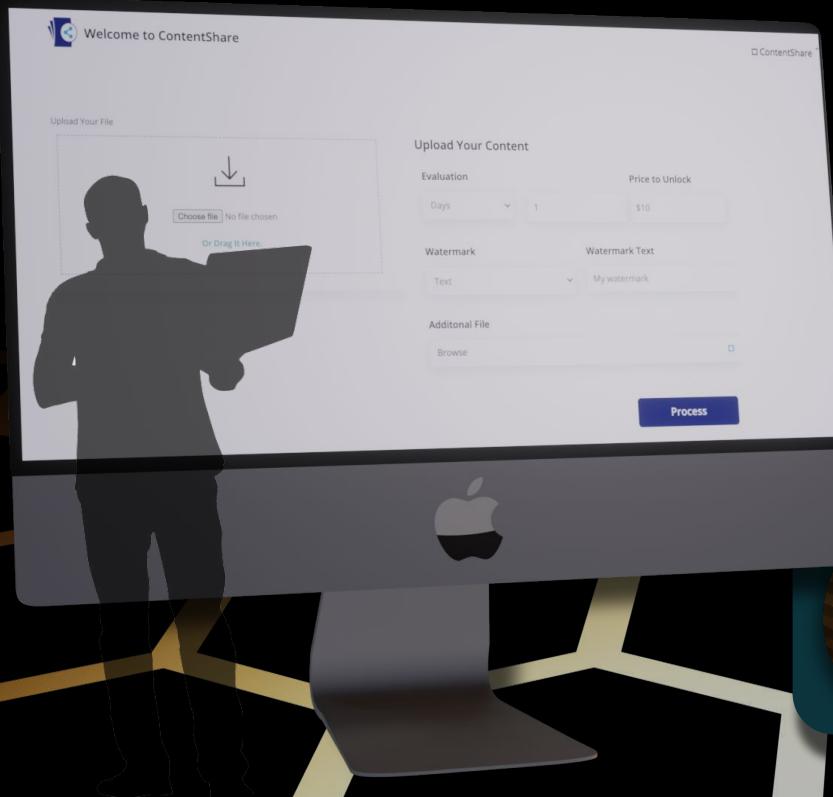

contentshare™ allows you to
securely share and **monetize**
content via any online channel using
just one **cost efficient solution**

3

simple steps to **distribute** and **sell** your content with contentshare™

Protect

Upload any content to the ContentShare website, **allow it to be evaluated** and share the unique URL. It's really quick and simple!

1

Distribute

Share the URL to your content via any channel such as a **website, social media or email**.

2

Sell

Allow your content to be optionally **converted into a paid version** from any platform it's being viewed on.

3

1

View

Click on a ContentShare link from **any email, social media or website** and have it viewed securely on your device. Even provide **optional trials** of your content.

2

Purchase

Easily **purchase content** directly from the device it's being viewed on.

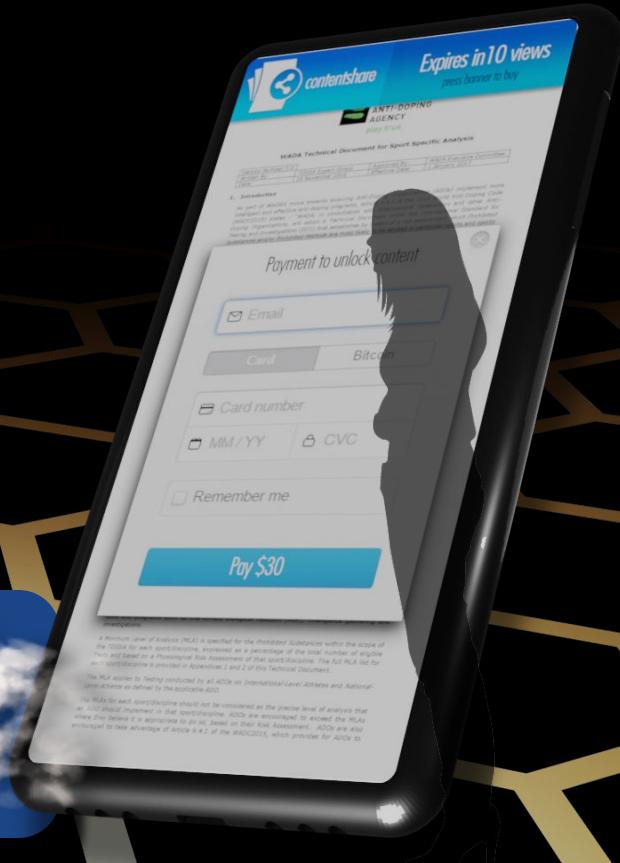

3

Download

After purchase you can optionally **download from the cloud** to your device for offline viewing.

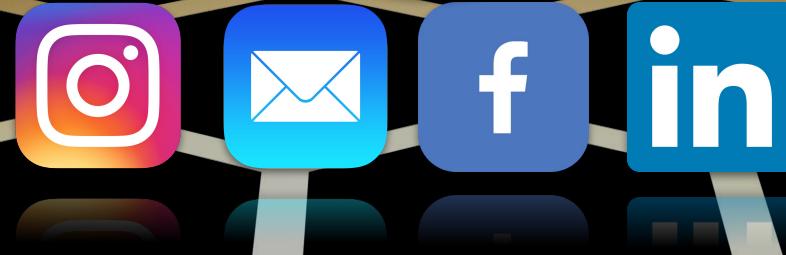

3

simple steps for users to **access** your **content** with contentshare™

One link serves them all

Content is **securely shared** via multiple platforms with **full control** and **detailed analytics**

Accelerate

cloud digital content distribution with
contentshare™
